Hi Ruth. I don't know whether it is Full recons or Partial. Is this something you can determine internally at the PTO, maybe by contacting Mr. Lewis (703-305-8309)? He is the person who had an official search conducted and determined that the file could not be found.

This is a brief chrono of my telephone conversations with the PTO concerning the missing file:

I spoke with Mr. Lewis (703-305-8309) several times on different occasions about locating the file. Our first conversion about reconstructing the file was on 2/8/2007. Prior to that date he had an "official search" conducted for the file, but it did not turn up in the search.

He sent an e-mail to you around 2/8/2007 to begin the process of reconstructing the file.

I spoke with Mr. Lewis again on 3/15/2007. He indicated that the file had not yet been reconstructed and that he would send a follow-up email to you.

On 4/11/2007 Mr. Lewis indicated that he would email you again.

On 5/14/2007, Mr. Lewis said that he would ask his supervisor how to proceed because he had not heard back from you in response to his emails.

On 6/27/2007 Mr. Lewis told me that the file cannot be reconstructed until they receive certain documents from us, but he did not know what documents were needed. He told me I should call you directly to discuss.

So that brings us pretty much up-to-date. Was the file found sometime between 2/8/2007 and now?

Any help you can provide in resolving this matter would be greatly appreciated.

Deborah
